Logo anatomy

We understand the importance of a well-crafted and balanced identity for a brand like Culerson.

That's why we opted for a clean, distinctive word mark paired with a bold 'C' icon, designed for versatility across various media spaces.

This identity is not only professional and refined, but also memorable—ensuring instant recognition wherever it appears.

Logo backgrounds

The Culerson logo is designed for flexibility and can be applied on a variety of specified background colors, provided that the logo remains clear and prominent.

It is essential that the background colors offer sufficient contrast to ensure the logo stands out without any alteration to its original color.

The integrity of the logo must be maintained at all times.

For guidance on appropriate color combinations, refer to our **color palette in Chapter Three** for more insight on matching colors effectively.

CHAPTER TWO

Consistency in communication begins with a carefully chosen typography that ensures clarity and minimizes the risk of misinterpretation.

Typo- graphy

The official typeface is
Bona Nova

Our official typeface is Bona Nova, chosen for its refined elegance and legibility, as seen in the word mark logo.

To maintain consistency and a cohesive visual identity, Bona Nova should not be paired with any other font.

Bona Nova is versatile and can be used across all touch points, including headers, body text, and captions.

Its classic, sophisticated letterforms ensure excellent readability across print, web, and mobile interfaces, while aligning with Culerson's professional and corporate tone.

THE SPECTACLE BEFORE US WAS INDEED
SUBLIME.

Apparently we had reached a great height in the atmosphere, for the sky was a dead black, and the stars had ceased to twinkle. By the same illusion which lifts the horizon of the sea to the level of the spectator on a hillside.

CHAPTER THREE

Strategic, refined, and versatile — these are the qualities we associate with our color palette. Each color has been thoughtfully selected to evoke a sense of trust, professionalism, and forward-thinking energy.

Colours selection

Our brand colors — Navy Blue, Light Blue, Yellow, and Black — have been carefully chosen to create a harmonious and professional identity.

Each color represents a distinct aspect of our brand, working together to convey strength, trust, and innovation with clarity and brilliance. These colors are integral to our identity and should be used consistently across all applications.

P.S. Please avoid experimenting with these colors to maintain the integrity of the brand.
